***Congratulations to Hummock Springs Ranch!***

Hummock Springs Ranch Inc. is a 4th generation family cattle operation located near Watrous, SK. It is owned and operated by Howard and Lucille Toews, their son Brad, his wife Angel and their 3 little helpers – Bronc, Sunshine and Honey Toews. The ranch also has valued long time employees.

They calve out an Angus based herd of 2000 cows consisting of owned and year round custom cows. They retain their calves to background and for replacement females for the herd. Hummock Springs Ranch started buying Simmental bulls in 2007 to add hybrid vigor to their cow herd. The ranch was looking for new genetics to improve on milking ability in the cows and growth & consistency in the calves while maintaining calving ease. The ranch believe that the Angus-Simmental cross is achieving these valued traits.
