CONGRATULATIONS TO HOFFUS STOCK FARMS 2019 SSA COMMERCIAL BREEDER OF THE YEAR

Hoffus Stock Farms have been breeding Simmental for over 30 years. HSF is run by Randy & Irene Hoffus, and Aaron & Amber Hoffus, along with their kids Grace and Vance, and is located near Bjorkdale, SK. They grain farm 8,500 acres, with another 2,500 acres dedicated to hay and pasture land. They annually calve 325 females that are predominantly straight Simmental. The added pounds at weaning and the exceptional females are what drew them to the breed, and has had them hooked ever since. They sell their calves at the auction mart and annually top the market with their consistent quality group. They sell replacement females to a string of repeat customers, direct from the farm. The family takes true pride in the day to day operations of their farm. They have dedicated their life to always enhancing their herd in the best possible way.

2019 SSA Commercial Breeder of the Year

Aaron & Amber Hoffus, along with their kids Grace and Vance, sign presented by President Kirsten Fornwald.
