

2022 SSA COMMERCIAL BREEDER OF THE YEAR! TL FARMS INC.

TL Farms Inc is owned and operated by Trevor and Leanne Warken along with their kids Andy and Levi. They are located 6.5 miles north of Kalium Highway - halfway between Regina and Moose Jaw, SK.

TL Farms Inc. herd currently consists of 650 Simmental influenced females. While managing their own large herd, Trevor and Leanne also help Leanne's parents at Hagerty Livestock with the day-to-day operations of their feedlot.

In their spare time, Leanne is the leader of the Moose Jaw 4-H Beef Club. Andy and Levi follow closely in their parents' footsteps by showing Simmental influenced 4-H projects every year.

TL Farms Inc are proud Simmental producers as they purchase Simmental genetics from numerous breeders in Saskatchewan
